

CAVARE

"Designing and Manufacturing Drilling Tools Since 1999"

Vibe Enhancer™

The Cavare Vibe Enhancer™ is a fully compensated tool designed to get the most out of your vibration tools. Utilizing a Belleville spring design to deliver consistence operation through out the drilling process. Large multi-stage pump open area delivers all of the Vibe tools force to the drill string maximizing the effects of the pressure pulses.

OD	ID	LENGTH	RECOMMENDED FLOW RATE	STROKE	PUMP OPEN AREA	MAX WOB	MAX OVER PULL	CONNECTIONS*
5 1/4"	TBD	TBD	TBD	TBD	TBD	TBD	TBD	XT / HT, 3 1/2 IF
6 3/4" OR 7"	2 1/4"	203"	700 GPM	6"	39.7 SQ IN	60,000 LBS	593,000 LBS / FT	4 1/2 XH, 4 1/2 IF, 5 H90

Features and Benefits

- Fully temperature and pressure compensated to deliver long tool life.
- Large multi-staged pump open area.
- Oil lubricated spring and spline area.
- Oil chamber isolated from the pump pressure.
